AMENDMENT

Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

In response to the Notice to File Missing Parts of Nonprovisional Application, mailed on May 14, 2001, the current "Sequence Listing" has been amended, and the Applicants hereby request the entry of the substitute "Sequence Listing" submitted concurrently herewith into the specification, starting on a new page, immediately following the claims. A combined Declaration for Patent Application and Power of Attorney is also concurrently submitted.

Kindly amend this application as follows:

In the Specification:

Please amend the specification by canceling the current Sequence Listing and replacing it with the attached revised Sequence Listing.

Sequence Compliance

Applicants were requested to provide a computer readable form of the "Sequence Listing" that complies with the requirements of 37 C.F. R. 1.822 and/or 1.823. Upon review of the current "Sequence Listing," it was apparent that some of the sequences (SEQ ID NO. 17, 30, 32, 39, 61-64, 66-68, 70, 72-73, and 75) were missing from the current "Sequence Listing," and others (SEQ ID Nos. 13-16, 18, 19-29, 31, 33-38, 40-60, 65, 69, 71, and 74) were misnumbered

and failed to match the numbering used in the figures and specification. Further, other sequences (SEQ ID No. 1 and 2) did not match those listed in the figures and specification and were accordingly, corrected. In response, the attached revised "Sequence Listing" is believed to be in compliance with the requirements of 37 C.F.R. 1822 and/or 1.823.

Please charge any additional fees, including any fees for additional extension of time, or credit overpayment to Deposit Account No. 11-1410.

Respectfully submitted,
